Bluesun three-phase on-grid inverter power range is from 3kW to 125kW with 230/400Vac. So, it can connect to utility grid (230/400V) directly without transformer.

We are capable of mass-producing 7kW AC charging stations, 20-40kW low-power DC charging stations, 60-240kW integrated DC charging stations, 360-800kW split-type air-cooled DC charging ...

Our three-phase, utility-scalable 25kW commercial inverters are the workhorses of Tabuchi America. Featuring 6 MPPTs (maximum power point trackers) for flexible design and higher solar production.

These compact units are high performance, advanced and reliable inverters designed specifically for the North American environment and grid.

The 25 kW (480 V) CPS three phase string inverter is designed for rooftop and carport applications. These units are high performance, advanced and reliable inverters designed specifically for the North ...

Bring electricity to remote areas with our Power Frequency Inverter. Perfect for off-grid systems, it converts solar or battery power into reliable AC electricity for lights, fans, and small appliances.

The Kempower Power Unit is a rack-style, modularly scalable converter cabinet solution using Kempower's unique dynamic power management that delivers up to 1,200 kW of total charging ...

The 25kW Hybrid Inverter is a high-capacity, all-in-one energy solution designed for homes, businesses, and industrial applications. Combining solar power, grid electricity, and battery storage, it ensures ...

High efficiency at 98.5% peak and 98.0% CEC, wide operating voltages, ...

The 25 kW (480 V) CPS three phase string inverter is designed for rooftop ...

25kW inverter cabinet for subway stations

Whether you're running a hospital's ICU or an automated production line, a 25kW uninterruptible power supply cabinet acts as your first line of defense against operational disruptions. Let's break down why ...

High efficiency at 98.5% peak and 98.0% CEC, wide operating voltages, broad temperature ranges and a NEMA Type 4X enclosure enable this inverter platform to operate at high performance across ...
