What is the warranty on a 715 W solar panel?

This 715 W Canadian Solar solar panel also comes with a substantial 12-year product warranty. The 1.3' frame built of anodized aluminum and a layer of protective tempered glass make this module weather-resistant. The front side of the modules can withstand a 5400 Pa load, whereas the back side can withstand a 4000 Pa load.

Where can I buy solar panels in bulk?

Buying in bulk by pallet or container lets you lock in better prices per watt, simplify logistics, and get equipment from trusted brands in one place. A1 SolarStore is a solar marketplace where you can buy wholesale solar panels in pallets or full container loads for residential and commercial projects.

How long does a 715 W solar panel last?

The performance will decline by no more than 1% during the first year and then by no more than 0.40% every year after that. After the 30 years are over, your modules will retain at least 87.4% of their original performance. This 715 W Canadian Solar solar panel also comes with a substantial 12-year product warranty.

What is A1 solarstore?

A1 SolarStore is a solar marketplace where you can buy wholesale solar panels in pallets or full container loads for residential and commercial projects. The catalog includes high-efficiency monocrystalline and bifacial modules from reputable manufacturers with proven performance in the U.S. market.
