-----  
Will Belize Electricity compensate you for excess solar energy?

The hope is that through regulations, Belize Electricity Ltd will have to compensate you for excess solar energy flowing to the grid during the day and off-set it against the electricity you are drawing from the grid at night; however, the reality today is the opposite.

Does solar energy solutions have a warranty?

Thereafter, Solar Energy Solutions Belize will incorporate only those warranties of the manufacturer (s), which accompany the customer's product. Customer may be subject to pay shipping, duty, and import charges, as manufacturer (s) warranties may not cover the aforementioned fees. Can I connect my air conditioner to solar?

Is a grid-tie Solar System a viable option?

If your monthly electricity bill exceeds BZD 500 and your energy consumption is mostly during the day, then adding a grid-tie solar system with or without battery back-up is more economically viable than going completely solar off-grid. Will my grid-tie solar system stay on during a grid outage?
