-----

Choose from our comprehensive range of custom lithium battery technologies: ultra-thin 7.4V LiPo cells for wearables, high-capacity 48V 18650 packs for power tools, or robust 72V ...

At BatterySpace, we provide all your needs for custom batteries. We carry a full line of different kinds of batteries, as well as top brand batteries in our US warehouse.

Specializing in the design, prototype, manufacture, and test of custom battery packs and custom battery charger systems.

Whether you need a standard 18650 configuration or a fully customized lithium-ion solution, our team will create a reliable, high-performance battery pack designed to power your products safely and efficiently.

From lithium-ion to NiCd and alkaline, we design and build battery packs tailored to your needs. Get reliable, high-performance power for any application.

As a premier custom battery pack manufacturer, we design and assemble high-performance lithium-ion, LiFePO4, and LiPO solutions tailored to your exact specifications.

Since 1965, Custom Power has designed and assembled custom battery solutions for critical OEM devices. We provide battery pack assemblies in all chemistries and for all electronic applications, all ...

Get custom rechargeable battery packs designed for your specific needs. Our lithium-ion and lithium-polymer batteries power industrial, medical, and electronic devices.

Our experienced team utilizes proven technology and innovative engineering to design, assemble, and test custom rechargeable battery packs. We support high and low-volume Lithium-Ion ...
