Who is Ek solar energy?

EK SOLAR ENERGY's Comprehensive Smart Battery Energy Storage System (Smart BESS) Offerings We Group stands at the forefront of Smart Battery Energy Storage Systems (Smart BESS), offering a comprehensive range of products and services catering to diverse sectors.

What is Ek solar energy's environmental health and safety policy?

Environmental Health and Safety Policy. Ensure environmentally friendly, safe and humanized product design. EK Solar Energy's energy storage products include solar energy storage systems, energy storage batteries and intelligent energy management solutions.

Why should you choose Ek solar energy?

Ensure environmentally friendly, safe and humanized product design. EK Solar Energy's energy storage products include solar energy storage systems, energy storage batteries and intelligent energy management solutions. We provide efficient and reliable green energy storage technology for households and industrial and commercial users.

Who is ekstrakku battery?

Who we are, what you can gain? Extrakku Battery Company Limited (EK Battery Brand) was established as a manufacturer and exporter of VRLA batteries since 2003. We totally cover an area of around 100,000 square meters, with 11 battery production lines and corresponding testing machines, 2 research and development centers in Jiangsu and Fujian.

We offer energy storage solutions, including battery modules, portable power supplies, and systems for residential, commercial, industrial, and utility-scale applications. Our products provide efficient, ...
