-----

Keeps your batteries voltage difference within 10mV! May increase the lifespan of your battery pack by 2-3 times by preventing the batteries from being overcharged or over discharged

Supex Battery Equalizer 24V, 48V, 60V, 72V, 96V are designed for balance your lead acid battery, lifepo4 battery, and solar battery etc. It passed CE certificate.

Explore high voltage battery packs, wall mounted lithium batteries, and ESS cabinets from Hoenergy -- your 2025 Global Tier 1 Energy Storage Provider.

\*Depending on the voltage and current that matches your battery, you can consult our customer service and we will provide it for you equipped with the most suitable battery management system.

The Li-ion Battery Equalizer solution extends battery lifespan across EV, energy storage, and industrial applications by resolving voltage inconsistencies, restoring capacity (5-15% revival), ...

The primary function of a battery balancer is to balance the voltage of the batteries. The battery balancer helps you improve the performance of your battery pack!

Established in April 2014, Shanghai Li-Equal Energy Technology Co., Ltd. is a technology company specializing in lithium ion power battery modules and battery management system (BMS) solutions.

Check each product page for other buying options. Price and other details may vary based on product size and color. Need help?

TAICO lithium battery equalizer is a patented product launched by our company after years of research and innovation. It is designed to solve the problem of battery pack imbalance in lithium battery ...

# Energy storage lithium battery equalizer company

Lithium battery pack equalization technology is revolutionizing how industries manage energy storage systems. This article explores cutting-edge balancing solutions, their applications across renewable ...
