What is a power supply cabinet?

Our power supply Cabinets are designed to protect your critical equipment from power surges and voltage spikes from the toughest operation condition. Our distribution cabinets can be made from materials such as Aluminum, Steel, or Stainless Steel. We provide a variety of outdoor power supply cabinets to meet the needs of different industries.

Are our power supply cabinets UL compliant?

We make sure to meet strict industry standards when it comes to the design and manufacture of our power supply cabinets. We are compliant with the following standards: IEC 60297, UL 508A, NEMA 250. Our facility is manned by industry-leading experts in the field of power supply and control.
