Ahead of his Hong Kong concerts and as he graces Tatler's June cover, we revisit Jay Chou's biggest achievements--from best-selling albums to Guinness records and viral cultural moments.

Adored by millions of fans across the globe, Chou has established himself as a major figure in entertainment, blending his love for creativity with an indomitable spirit of innovation.

Overview Career Early life Artistry Other ventures Public image Impact and legacy Awards and achievements In 2000, under the recommendation of JR Yang, Jay Chou began to sing his own songs. Wu told Chou that he would help him release an album after he wrote 50 songs and he would pick 10 from there. Chou already had an arsenal of songs he wrote for others but had been rejected, so among those he chose 10 for his first album. Chou released his debut album Jay under Alfa Music under Jacky Wu in November 2000. C...
