How can solar energy help in Kenya?

Cut out the power cuts. For good. Power cuts are a part of life in Kenya, and you have to schedule everything around the possibility of a power outage. With solar energy, there are no more power cuts. The sun is always shining. And when it is not, alternate back-ups are available. Work never comes to a stop.

How many solar systems are installed in Kenya?

Founded in 2003, this Nairobi-based company has installed over 3,000 solar systems across Kenya, from modest homes to sprawling commercial setups. Their secret? A highly trained team and a knack for tailoring solutions--whether it's a grid-tied system to offset KPLC bills or an off-grid setup for remote areas.
