These advanced features define the high-efficiency performance and extended durability of the LONGi 435W solar panel: This bifacial module is engineered to capture solar energy from both the front and ...

The Longi 435W LR5-54HTH-435M solar panel is a high-performance module designed for residential solar energy systems. It efficiently converts sunlight into direct current (DC) electricity, which can ...

Premium bifacial module from Longi's Hi-Mo 4 series--designed for high efficiency, durability, and energy yield, ideal for residential, commercial, and utility-scale solar installations.

The LonGi 435W Solar Panel (LR4-72HBD, 425-455M) offers superior performance, durability, and a competitive energy yield with bifacial and half-cell technologies.

Longi 435W LR4-72HPH 435/MR is a monocrystalline 435W solar panel is ideal for self-consumption and industrial solar installations. Modules of high quality and resistance, made of polycrystalline ...

LONGi launched its mono-PERC modules in 2016, featuring integrated PERC technology on monocrystalline silicon and low light degradation, and its cell efficiency has increased from 21% to ...

The Longi Hi-MO X6 Dual-Glass SDM 435W solar panel delivers outstanding efficiency, durability, and long-term performance, making it an excellent choice for both residential and commercial solar ...

Longi's black/white Hi-MO 6 Explorer 435W improves power generation capacity providing a great power to size ratio and excellent performance - achieving over 22% efficiency.

Notification The client will make a EFT payment then send proof of payment to one of these 2 Whatsapp numbers :0692993817/ 0735684097 then they'll be issued an invoice.

Unlike conventional panels, bifacial modules use both sides simultaneously to absorb photons, resulting in an

Longi 435w photovoltaic panel

efficiency of up to 30%. LONGi backs up this model with a 12-year product warranty and a 30 ...
