-----  
Are solar panels a good investment in Malta?

We can't stress enough how good of an investment home and commercial solar systems are in Malta. The island has an extremely high sunshine yield, and the right solar system can drastically reduce your electricity bills.

Which solar panels do you use at Panta?

At Panta, we use top-of-the-market solar panels that are extremely efficient and require minimal roof space. We opt for Huasun solar panels and Sungrow inverters. Both companies are renowned worldwide as the leading manufacturers of products for electricity generation from solar energy.

How does Panta support my solar system?

From tailoring the design of your system to installation, maintenance and after-sales service, Panta will support you throughout the lifespan of your solar solution. Under certain conditions, you may also be eligible for a government subsidy when purchasing a solar electricity generation system.

What can I do with a photovoltaic panel?

Specialising in Photovoltaic Panels for residential and commercial installations, solar water heaters, inverters and storage systems to help manage your energy production. Establish Luxurious comfort in any area using underfloor heating, Infrared Ray Heating and Heat Pumps or Air Coolers.

Solar panels or photovoltaic panels are a fantastic investment for homes and businesses in Malta. With more than 300 days of sunshine every year, Malta is the perfect place to use solar energy.

Elevate your energy game with cutting-edge photovoltaic solutions. Explore our services for seamless integration and solar power efficiency.
