Vivint Solar was an American provider of photovoltaic solar energy generation systems, primarily for residential customers. The company was established in 2011 as an offshoot of home automation and security company Vivint and was headquartered in Lehi, Utah. The company primarily used a power purchase agreement (PPA) business model where Vivint Solar installed and maintained a solar system on a customer's h...

A leading provider of simple and affordable residential solar power solutions. We're flipping the switch on how the world creates and consumes energy by connecting people to the power of the sun.

Explore the intricate story of Vivint Solar, once a top installer, as it eventually merged with Sunrun, and uncover whether clients were satisfied with the company.

With Vivint Solar, the power is now quite literally in your hands. Gain full control and insights into your energy usage with their intuitive app, where monitoring and optimizing energy consumption is just a tap away.

Choosing between Vivint Energy and Vivint Solar depends on your specific needs and priorities. If you're focused on generating your own clean energy and reducing your utility bills, Vivint Solar offers a ...

Going solar helps you reduce your footprint while providing more predictable costs. Traditional utilities provide energy by burning finite fossil fuels. Solar energy is renewable, meaning that we'll have energy as long as the ...
