Gham Power, in collaboration with Practical Action and Swanbarton, has been awarded a project by the United Nations Industrial Development Organization (UNIDO) to install one of Nepal's ...

GLASHAUS POWER - Imagine a city where streetlights dim during peak hours while hospitals rely on diesel generators. This isn't fiction - Kathmandu's power demand grew 18% annually since 2020, yet ...

"This transformative project will revolutionize industrial energy use by replacing polluting diesel generators with a large-scale, solar-powered battery storage system," said Gham Power.

Representing Nepal at the launch were Nepali Ambassador Bharat Kumar Regmi, Gham Power CEO Anjal Niraula, and teams from Swanbarton and Practical Action. This groundbreaking ...

This pioneering project is set to transform industrial energy use by replacing polluting diesel generators with a large-scale battery storage system powered by solar energy.

Recent projects in Mustang district demonstrate how lithium batteries can store excess hydropower (8PM-6AM) and solar energy (daytime) to maintain 24/7 power supply.

Solar with battery storage presents a timely and strategic upgrade for Nepal's renewable energy sector. Despite abundant solar potential with over 300 sunny days a year and global solar ...
