How do I get a warranty extension for my SolarEdge inverter?

The warranty extension is available with a one-time payment fee and must be purchased within 24 months of inverter shipment from SolarEdge. The inverter warranty extension applies to the inverter only and does not apply to any built-in communication accessories. View a pricelist of inverter warranty extensions or check your warranty status.

How do I get a 10 year warranty on my inverter?

Be able to update the warranty start date to the inverter installation date, effectively resetting it to start on its installation date, and therefore getting the full 10 years of your warranty. Download a warranty certificate for your inverter. Get quicker support for your registered inverter.

What is PV warranty insurance?

Our PV Warranty Insurance is designed to increase confidence in the long-term performance and financial attractiveness of PV projects. The solution is straight-forward and effective: manufacturers protect their ability to pay excessive warranty claims on modules for a period of 25 years (up to 30 years for glass-glass modules).

How long does PV warranty insurance last?

Check out in 140 seconds how you will benefit from our PV Warranty Insurance for up to 30 years. Our PV Warranty Insurance is straightforward and effective: manufacturers protect their ability to pay excessive warranty claims on modules for a period of 25 years (up to 30 years for glass-glass modules).
