How big is the solar photovoltaic market in 2025?

Solar Photovoltaic market was valued at USD 323.5 billion in 2025. The market is expected to grow from USD 345 billion in 2026 to USD 694.5 billion by 2035, at a CAGR of 8.1% from 2026 to 2035. Integrating solar PV into agriculture and business operations is poised to drive product demand.

Why is solar photovoltaic (PV) market growing?

The rapid expansion of the solar photovoltaic (PV) installation capacities of different countries, coupled with increasing demand for renewable energy sources, is expected to drive the market growth across the world.

How big is the photovoltaics market?

The photovoltaics market is projected to reach USD 968.32 billion by 2030 from USD 613.57 billion in 2025, at a CAGR of 9.6% from 2025 to 2030. The increasing level of solar installations worldwide is heavily influenced by government-supported incentives and policy structures that push the implementation of renewable energy.

What is the global building-integrated photovoltaics market size?

The global building-integrated photovoltaics market size was estimated at USD 23.67 billion in 2023 and is projected to reach USD 89.8 billion by 2030, growing at a CAGR of 21.2% from 2024 to 2030.

Building solar PV manufacturing around low-carbon industrial clusters can unlock the benefits of economies of scale. Solar panel manufacturers can also use their products to generate ...

Solar PV Panels Market valued at USD 197.44 Bn in 2025, is anticipated to reach USD 334.24 Bn by 2032, with a steady annual growth rate of 7.8%.

The European Solar Charter, signed on 15 April 2024, sets out a series of voluntary actions to be undertaken to support the EU photovoltaic sector.

Leading players in the market have adopted the strategies like new product launches, mergers & acquisitions and collaborations to maintain their shares in the global market. For instance, in June ...

3. Market segment outlooks 3.1. Residential PV 1,088 MWdc installed in Q3 2025 Down 4% from Q3 2024

Photovoltaic panel construction market

Down 4% from Q2 2025 The OBBBA tax credit rush has not yet translated to ...

The renewable energy directive is the legal framework for the development of renewable energy across all sectors of the EU economy, and supports cooperation across EU countries.

This Commission department is responsible for the EU's energy policy: secure, sustainable, and competitively priced energy for Europe.

Solar energy is one of the world's most abundant and easily accessible sources of renewable power. But how well do you know it? Several distinct technologies harness the sun's ...

Delve into detailed insights on the Solar Engineering, Procurement and Construction (EPC) Market, forecasted to expand from USD 60 billion in 2024 to USD 100 billion by 2033 at a CAGR of 6.5%. ...

The targets have evolved consistently since first established to help the EU reach its ambitious energy and climate goals.

Global Solar PV Panels Market size was worth around \$169 billion in 2023 and is predicted to grow \$324 billion by 2032 a CAGR of 7.5%.

A short-lived stagnation in global PV installation growth is expected in 2026, as China adjusts to implementing its new solar market design. This market correction will be followed by ...

In 2024, the EU output of photovoltaic electricity accounted for 11% of the EU's gross electricity output, according to Ember. Continued growth in the solar energy sector is expected in the coming decades, ...

In 2023, the solar photovoltaic sector in the EU and globally saw the prices of the panels plummet from ca. 0.20 EUR/W to less than 0.12 EUR/W. This unsustainable situation is weakening ...

The rigid type of segment is expected to hold a larger market share in the photovoltaics market due to its widespread use in residential, commercial, and utility-scale installations. These panel types can ...

The solar photovoltaic market size crossed USD 323.5 billion in 2025 and is expected to grow at a CAGR of 8.1% from 2026 to 2035, driven by integration of solar PV across agriculture and business ...
