Inner Mongolia Erdos Dalate Banner "Lead from the Front" solar farm is an operating solar photovoltaic (PV) farm in Zhaojun Town, Dalad Banner, Ordos, Inner Mongolia, China.

Now, Dalat Banner sand control and wind power photovoltaic integration project construction is in full swing, through the simultaneous implementation of photovoltaic sand control and supporting ...

This giant photovoltaic power station takes advantage of the surrounding low vegetation and the color difference between the yellow sand to form a horse totem image. It has also been certified by ...

In recent years, the area has adopted a "PV-based desert control" model, generating green electricity above while restoring the ecosystem below. This approach not only boosts new ...

An aerial drone photo taken on March 3, 2023 shows a photovoltaic base located in Dalad Banner in the city of Ordos, north China's Inner Mongolia Autonomous Region.

An aerial drone photo taken on Sept. 10, 2025 shows the Dalad Banner photovoltaic base in the Kubuqi Desert, north China's Inner Mongolia Autonomous Region. In the Kubuqi Desert, rows of blue solar ...

"Junma" power station is one of the leading photovoltaic power generation application base projects in Dalate Banner, with a construction scale of 200MW, a total of 709520 photovoltaic ...

This picture taken on August 10, 2025 shows solar panels at the Dalat Banner Photovoltaic Station, also known as the Junma or "Fine Horse", Solar Power Station, in the Kubuqi ...

The Dalat Banner Photovoltaic Station, also known as the Junma or "Fine Horse" in the Kubuqi desert near Ordos. "The transition has been very good for the region," 46-year-old Chang said. Quadbike ...

# Photovoltaic panel installation in Dalate Banner

On March 25, CCTV-13's Morning News reported on the commencement of CECEP Solar's 500,000-kilowatt integrated photovoltaic (PV) desert control project in Dalad Banner, Inner Mongolia.
