On June 2nd, Bloomberg New Energy Finance (BNEF), a renowned global research institution, released its "Global PV Module Maker Tier 1 List" for Q2 2025.

Discover the Tier 1 list of solar panel manufacturers for the second quarter of 2025, published by BloombergNEF.

Each quarter, the National Renewable Energy Laboratory conducts the Quarterly Solar Industry Update, a presentation of technical trends within the solar industry.

Discover the top Tier 1 solar panel manufacturers of 2025 with this updated list. See what panel manufacturers make Q1, Q2, Q3, & Q4.

Bloombergnef maintains a tiering system for photovoltaic (pv) module (solar panel) manufacturers based on bankability, to create a transparent differentiation between the numerous players in the market.

The ranges in "temperature tolerance" indicates expected operating temperature of the PV module. In order words, modules are capable of continuous operation at their rated power with a temperature ...

To buy the best solar panels, be sure to compare prices, warranties, and efficiencies of different solar panel manufacturers. Here are the top 20 brands for 2026.

This report is a collaboration between the Solar Energy Industries Association (SEIA) and Wood Mackenzie Power & Renewables. Each quarter, we collect granular data on the US solar market from ...

The 2025 Q2 European photovoltaic market summary, covering module price trends, policy developments, performance in key countries, and structural development trends, helping businesses ...

Q2 Photovoltaic panels

Overall, photovoltaic (PV) solar accounted for 69% of all new electricity-generating capacity additions in the first quarter of 2025, remaining the dominant form of new electricity-generating capacity in ...
