Solarfold allows you to generate electricity where it's needed, and where it pays to do so. The innovative and mobile solar container contains 196 PV modules with a maximum nominal power rating of ...

Mounted on this frame is the innovative PV rail system and the clever folding mechanism of the solar panels, which enable the transport dimensions and lifting points of a standard 20f high cube ...

Austrian startup Solar Container has introduced a groundbreaking solution to portable renewable energy with its innovative SolarCont system, housed in a standard-size container.

The Austrian energy company SolarCont has developed a mobile solar container that stores foldable photovoltaic panels for portable green energy anywhere.

Austria-based Solarcont has just launched Solarcontainer, a shipping container-sized device that lets you set up a mobile solar power plant just about anywhere.

In a pioneering move towards sustainable energy solutions, Austrian energy innovator SolarCont has unveiled a groundbreaking mobile solar container equipped with foldable photovoltaic ...

Bei der On-Grid-Variante wird der Container direkt an das öffentliche Stromnetz angeschlossen. The Mobil-Grid is an ISO-standard, CSC-approved maritime container that integrates a photovoltaic ...

Solarcont has developed a portable, containerized PV system featuring 240 solar modules on a folding system for easy removal and storage. Solarcont, an Austrian startup, has ...

The innovative and mobile solar container contains 200 photovoltaic modules with a maximum nominal output of 134 kWp and, thanks to the lightweight and environmentally friendly aluminum rail system, ...
