Why do you need a battery cabinet?

Proper housing is crucial for maintaining optimal performance and safety for your Uninterruptible Power Supply (UPS) batteries. Our cabinets are designed to provide a secure, organized, and temperature-controlled environment, essential for maximizing battery lifespan and complying with safety regulations.

What are omnipower stackable battery cabinets?

The OmniPower stackable battery cabinets are strong, locally-manufactured powder-coated steel units that ensure your battery bank is safely enclosed while adding great aesthetic appeal to your installation. Optional extras include professional safety fuse kits and castor wheels.

What is a Certo Steel Battery Cabinet?

At Cooper Power, we supply the full range of Certo Steel Battery Cabinets, purpose-built for inverter and UPS battery storage. These rugged enclosures are designed to house anywhere from 1 to 40 x 100Ah batteries, making them ideal for residential, commercial, and industrial applications.

What is a C2 Battery Cabinet?

Ideal for small-scale UPS or inverter installations, the C2 offers a clean, professional look while providing maximum protection and easy access. Manufactured from durable, powder-coated steel, the C2 is built to ensure battery safety, ventilation, and security. Key Features: Certo Steel Battery Cabinets - Durable, Secure Storage for Battery Banks
