Where can I buy a power inverter for my car?

At Toolstation, you can find high-quality power inverters from many trusted brands. With products available in a range of different wattages, you're bound to find a suitable car inverter to suit your budget and power usage. Stay connected on the go when you invest in a power inverter for your car. What Does a Power Inverter Do?

How do I choose a power inverter?

Power inverters are available in different wattages, so choosing the right product is essential to ensure safe and efficient use. When purchasing a power inverter, you'll need to consider your vehicle's battery size and the voltage of the devices you want to power.

How do I contact a power inverter specialist?

Alternatively if your application is complex, or if you just fancy a conversation, we're more than happy to oblige. Our friendly team of experts are available 9am - 5pm weekdays and can be reached on 01474 761051. As inverter specialists, we have an extensive range of power inverters that convert 12V or 24V DC to 220-240V to power UK appliances.

How many watts can a power inverter charge?

Some of our power inverters can support electrical items up to 500 watts, so it's not just mobile phones and tablets that can be charged. Some of our battery converters can support medium-sized power tools, making a power inverter a perfect addition to your on-the-go toolkit. Not sure? Compare here Not sure? Compare here Not sure?
