Where are solar panels made in China?

Jiangsu Province is renowned as one of China's largest solar panel manufacturing hubs. Located on the east coast, it has the advantage of being near ports, which facilitates the ease of exporting solar panels. The province hosts a multitude of solar panel manufacturers in China, including Trina Solar, one of the world's largest.

Who are the top solar panel manufacturers in China?

1. Top Solar Panel Manufacturers in China (2026) ranked by module shipments Q1 2025 1.1. JinkoSolar Holding Co., Ltd. JinkoSolar is one of the largest solar panels manufacturer in China and is known to build a vertically integrated solar PV module chain with 12 global production facilities and 22 overseas subsidiaries in various countries.

What makes China's solar panel manufacturing industry unique?

In conclusion, China's solar panel manufacturing industry stands at the forefront of global renewable energy efforts, offering a vast array of high-quality products from leading manufacturers like Primroot.com, Jinko Solar, Trina Solar, and LONGi Green Energy.

Why is Zhejiang a good place to buy solar panels?

Zhejiang's manufacturers excel in producing a range of solar products with competitive solar panel price. China offers, including high-capacity panels like the 540-watt solar panel. Its strategic location near Shanghai's port makes it an excellent base for exporting.
