Chinese solar integrated manufacturer LONGi Green Energy Technology plans to acquire Suzhou-headquartered advanced energy storage systems provider PotisEdge Co., ...

Through a combination of equity acquisition, capital increase and voting rights entrustment, LONGi has secured approximately 61.9998% of PotisEdge's voting rights. Prior to the ...

Energy storage is one of the hot points of research in electrical power engineering as it is essential in power systems. It can improve power system stability, shorten energy generation environmental ...

China's Longi Green Energy Technology Co. plans to buy a majority stake in a local energy storage maker, joining its domestic rivals in seeking a new growth engine as the oversupplied ...

Leading Chinese solar PV manufacturer LONGi has acquired Canada-headquartered system integrator PotisEdge, and plans to launch an "Energy Storage One-Stop Solution" as the ...

Longi has moved decisively to reposition itself in the global clean-energy value chain, acquiring effective control of battery storage maker PotisEdge in a deal that marks its strongest ...

The agreement will cover the investment and construction of a new power system project integrating wind power, solar photovoltaic, energy storage, and low-carbon parks.

With module prices dropping sharply and wafer margins tightening across the global supply chain, this acquisition gives LONGi immediate entry into a mature, high-performance energy ...

The acquisition gives LONGi a ready-built foothold in energy storage at a moment when the solar PV sector faces collapsing prices and industry-wide losses. The transaction follows a period ...

Zhongzhi Technology acquires photovoltaic energy storage

We caught up with the president of system integrator PotisEdge following news of its acquisition by Longi, which marks the Chinese solar PV giant's move into the energy storage industry.
